HONORABLE CITY COUNCIL

RE: **RECOMMENDATION FOR DEFERRAL**  
**ADDRESS: 6811 Charlevoix**  
**NAME: Charlevoix Studio and Gardens LLC**  
**Demolition Ordered: June 27, 2016**

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection conducted on March 13, 2019 that the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. **This is the 1<sup>st</sup> deferral request for this property.**

Therefore, we respectfully recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be applied for within ten (10) business days from the date of the City Council decision.
2. BSEED will schedule a Progress Inspection within forty-five (45) calendar days from the date of the rehabilitation permit to determine whether substantial progress has been made. Thereafter, the owner must submit to BSEED detailed inspection reports, with photos showing evidence of the work completed, every forty-five (45) calendar days, for the duration of the rehabilitation work, to demonstrate that substantial progress has been made during the approved time frame for rehabilitation.
3. The building shall have all imminently hazardous conditions immediately corrected, be maintained, and securely barricaded until rehabilitation is complete. Rehabilitation work is to be completed within six (6) months, at which time the owner will obtain one of the following from this department:
  - Certificate of Acceptance related to building permits
  - Certificate of Approval as a result of a Housing Inspection
  - Certificate of Compliance, required for all rental properties
4. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).
5. The yards shall be maintained clear of overgrown vegetation, weeds, junk and debris at all times.
6. Prior to seeking a permit extension, the owner must contact BSEED and request to extend the deferral period.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been satisfied and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not followed, the deferral may be rescinded by the City Council at any time and we may proceed with demolition without further notice. In addition, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

Any request exceeding three (3) deferrals must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

David Bell  
Director

RE: **RESOLUTION IN SUPPORT OF 2017 SENATE BILL 363**

Councilmember Scott Benson requested that the Legislative Policy Division (LPD) draft a RESOLUTION IN SUPPORT OF 2017 SENATE BILL 363.

Attached, please find our draft of the aforementioned resolution.

Please contact us if we can be of any further assistance.

## RESOLUTION BY COUNCIL MEMBER SCOTT BENSON

### RESOLUTION IN SUPPORT OF FORMER 2017 SENATE BILL 363

**WHEREAS,** The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens through Charter-mandated legislative functions; and

**WHEREAS,** In 2017, in its wisdom the Michigan State Senate, approved Senate Bill 363, the "Michigan Mined Preference Bill," by an overwhelming 36-2 margin. Unfortunately however, after being referred to Michigan State House Committee on Commerce and Trade, the bill unceremoniously died in the State House; and

**WHEREAS,** Senate Bill 363 was drafted to require the Michigan Department of Technology, Management, and Budget, to give a preference of 8% of the amount of a contract to Michigan-based firms for products mined in the State, against a bidder that was not a Michigan-based firm and was located outside of the United States, by amending the Management and Budget Act, PA 431 of 1984 (MCL 18.1261); and

**WHEREAS,** One product that the State purchases is road salt, and the Detroit Salt Company is a supplier that provides the salt from its mine located in Detroit. However, there are Canadian salt mining operations that are exporting their product to Michigan and are unfairly undercutting the Detroit Salt Company's price; and

**WHEREAS,** The Detroit Salt Company is a roughly 100-year-old mining company that operates the Detroit Salt Mine, one of approximately 15 salt mines in the entire United States and the only one in Michigan. The Detroit Salt employs around 60 people, and it produces approximately 1 million tons of salt per year. Based on its revenue from taxes, supplier and other ancillary jobs, etc., the Detroit Salt Company has a positive economic impact on both the local and State economies; **NOW THEREFORE BE IT**

**RESOLVED,** The Detroit City Council, as an advocate of the efficient use of tax payer dollars, and a strong supporter of Detroit based and headquartered company, expresses its unwavering support of a bill drafted in the spirit of former **2017 Senate Bill 363** and for its passage by both houses of the legislature; **NOW THEREFORE BE IT FINALLY**

**RESOLVED,** That this resolution be forwarded to the City of Detroit's Lansing Lobbyist, the Detroit Delegation in Lansing and the Governor.

**RE:** Detroit Renewable Power Closure

---

A resident reached out to our office regarding concerns with the recent Detroit Renewable Power (DRP) closure. I am requesting that the appropriate respective departments please answer the following:

1. "Will all of the municipal solid waste (MSW) and refused derived fuel (RDF) house floors be shredded, processed, and cleaned/disinfected?"
2. "Does DRP have a rodent remediation plan in place? The facility is surrounded by residential communities that rodents from the facility may migrate to."
3. "Will GDRRA still be housed on site?"
4. "What are the plans for the site? Ideally, it would be a great location for parking structures/facilities for the newly constructed Wayne County Judicial Complex."

If you have any questions, please do not hesitate to contact my office at (313)-224-4248.

Thank you for your time and effort,

## MEMORANDUM

TO: Janee' Ayers, Vice Chair  
Public Health and Safety Standing Committee

VIA: Scott Benson, Chair  
Public Health and Safety Standing Committee

FROM: Raymond A. Scott, MPH, Deputy Director  
Buildings, Safety Engineering and Environmental Department

DATE: May 23, 2019

RE: **Rodent Mitigation Plan**

Pursuant to your request for Buildings, Safety Engineering and Environmental Department (BSEED) to address your concerns regarding a plan for Rodent Mitigation Plan, for the residents near the Brush Street I-94 overpass construction, we submit the following:

The site runs from Brush Street to French Road along a three mile stretch of I-94. To conduct an area-wide rodent mitigation in an area this large would not be the best use of our staff and would quickly exhaust our rodent bait supply.

The better option is to encourage citizens to report increased rodent activity that they notice for their individual properties to Environmental Control at 313-876-0426. Typically, when a rodent investigation is conducted, the inspector will inspect the property where the complaint came from, properties on either side of the complainant, and the three properties behind the complainant. Wherever a heavy infestation is found, additional staff and supplies can be called in to address it.

If there are any questions regarding this matter, do not hesitate to contact me.

Dave Roland, Division Manager at Marathon Petroleum Corporation

**THRU:** Council Member Brenda Jones, Council President

**FROM:** Council Member Raquel Castañeda-López

**DATE:** May 28, 2019

**RE:** Marathon Flare Event Follow-up

Please respond to the following questions and requests for information related to the February 2-3 flare malfunction at Marathon Petroleum's Detroit Refinery:

- Marathon received a violated notice from MDEQ on February 22, noting that Marathon was in violation based on detection of odors beyond the property line, among other things. Marathon responded to the Violation Notice on March 15 to provide an explanation of the event, summary of actions taken, and information on steps taken to prevent a reoccurrence. MDEQ responded on April 12, noting that the response was insufficient. In particular there was insufficient detail regarding steps taken to prevent a reoccurrence. MDEQ requested an additional response by April 26. Has this been submitted? Please provide copies to Council.
- Provide to Council the emergency response plan required pursuant to 42 U.S.C. § 11003.
- Council requested that Marathon submit a Supplemental Environmental Project proposal as part of correcting violations reported in the February 22 violation notice from MDEQ. Is Marathon developing a SEP proposal for submission? If so, is there a process for residents to provide input?
- Has an assessment been conducted to determine whether there were any pollutants other than hydrogen sulfide that were released during the event?

Please do not hesitate to contact my office if you have any questions. Thank you.

## MEMORANDUM

**TO:** Arthur Jemison  
Chief of Services and Infrastructure, Mayor's Office

**FROM:** Councilman James E. Tate, Jr. *J.E.T.*

**DATE:** May 28, 2019

**RE:** 36<sup>th</sup> District Court Parking

In consultation with the 36<sup>th</sup> District Court regarding its budget priorities, my office became aware of significant parking challenges experienced by Court employees and visitors. Generally, Court employees and visitors are having a difficult time finding affordable parking in the area. This has caused the Court to subsidize parking for its employees, provide same-day cash payments to jurors, and cancel dockets on game days, all in an effort to help mitigate the adverse impact that parking has on the Court's operations.

I am requesting that the Administration work with my office and the Court to determine if there are any alternative parking solutions for the Court's visitors and employees, including but not limited to off-site parking at City-controlled facilities with shuttle options.

If you have any questions or concerns, please feel free to contact DeAndree Watson of my office at (313) 224-0278.

**CC:** Honorable Colleagues  
Louise Jones, City Clerk's Office
